R E M A R K S

To My Friends and the Trade Generally:

I WISH to express my thanks for all past favors and to solicit a share of your future patronage. My stock is all well grown and young; and though limited in supply will be furnished at prices named while it lasts. My list of varieties comprise the leading sorts, and I shall give the purchaser his selection as far as possible, but RESERVE the right to myself where not forbidden, and do not have sorts named. Where parties forbid substituting, shall fill the orders only so far as I can supply the sorts wanted, but if possible please give your second choice in case I am out of those varieties named as your first choice. Giving my personal attention to the business, I shall exercise the greatest care and endeavor to have all trees, shrubs and plants, true to name. Yet I do not give any warranty, expressed or implied, and in case of any error on my part, it is hereby mutually agreed between the purchaser and myself that I shall not at any time be held responsible for a greater amount than the original price of the goods.

TERMS: Cash, or satisfactory security before shipment. Orders to be sent "C. O. D." must be accompanied with one-fourth the amount in cash.

REFERENCE: First National Bank, Normal, Illinois.

PRICES: Prices herein are limited to the spring of 1903, and rule only when the number specified is taken; 5 will be furnished at 10 rates; 50 at 100 rates; 500 at 1,000 rates.

PACKING: The prices do not include packing, for which I charge moderately. Packing is done mostly in boxes, sometimes in bales or parcels, for which I charge only sufficient to cover cost. For boxes 8 or 9 feet by 2½ feet, \$2.50; 10 feet by 3 feet, \$3.50. Smaller boxes in proportion. Spring packing usually begins about the middle of March.

Remit by postal orders, bank drafts on New York, St. Louis or Chicago, payable to the order of GEO. J. FOSTER, or currency by express, PREPAID.

All articles, after leaving my hands in good condition, are entirely at the risk of the purchaser, and no complaint will be allowed, unless made within ten days after receipt of goods.

My shipping facilities are excellent. Normal, a suburb of Bloomington, has the benefit of rates of the latter place both for railroad and express matter. The I. C. R. R. and branches, C. & A. R. R. and branches, L. E. & W., Big Four R. R.'s, and American and United States Express Companies are all convenient.

All orders will have my personal and prompt attention.
